We have developed automated SMS sending facility via Clickpos server. At given intervals, ClickPOS will send SMS to **Company managers** and **Customers**. There are two types of scheduled messages;

1. Management SMS.

The following message will be sent out to management daily. Clickpos server will automatically calculate DAILY NET PROFIT and NUMBER OF CONNECTIONS, then sms you the details.

Daily Net Profit

identical to - Global, Sale, Daily 1.4 report

Formula used
Net Profit = (Sale + Carrier Revenue) – Purchas

Sample Message
Clickpos SMS: Your company name
Net Profit: Sydn:$1045 Melb:$2503
Town:$1200 Vill $322

Number of Connections

identical to - Global, Sale, By Plan report

Formula used
Connects = Number of Plans connected.

Sample Message
Clickpos SMS: Your company name
Connects: Sydn:5 Melb:15 Town:12 Vill:32
